

The MacDiarmid Institute

# DISCOVERYCAMP

Te Tohu Huraina

**22-26 JANUARY 2023**  
**CHRISTCHURCH**

**Hosted by the MacDiarmid Institute, DiscoveryCamp is a four day residential lab experience with top scientists, completing hands-on investigations into a range of topics including electron microscopy, laser physics and nano-electronics, for current Year 12 and 13 Māori and Pacific Island students with a passion for the sciences.**

Experience science in a fun, hands-on environment and work with some of New Zealand's top researchers!

**ALL FLIGHTS, ACCOMMODATION, MEALS & FUN ACTIVITIES ARE FULLY PAID - IT IS FREE!!**

**Places are strictly limited and strongly contested**

**HURRY!**  
**APPLICATIONS**  
**CLOSE 18**  
**SEPTEMBER**  
**2022**

To solve the challenges facing New Zealand and the world today - clean water, renewable energy, climate change - we'll need new materials and new technology based on those materials that haven't been discovered yet. That's what the MacDiarmid Institute does. We are New Zealand's best scientists, engineers and educators, unified for a common goal: to make, understand, and use new materials to improve people's lives.

Te Mana Tangata Whakawhanake
